**Re: The Doe Run Herculaneum Smelter Transportation and Materials Handling Plan**

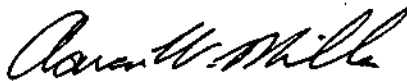

Dear Mr. Petruska:

Please find enclosed the second revision of the report "The Doe Run Company Herculaneum Smelter Transportation Plan and Materials Handling Plan." The report has been revised to address the comments in your letter dated April 24, 2002. Also enclosed to help in your review is a checklist of your comments and the locations where the report has been revised in response to your comments.

The Doe Run Company appreciates the site visit made by staff members of the EPA and MDNR on April 13, 2002 as the discussions that day appeared to clarify several of the questions and issues raised in the comment letter of April 24, 2002. If there are still questions or needed clarification of the revised report, please give me a call and we will be willing to schedule additional discussions or a site visit to clarify the issues.

The Doe Run Company respectfully requests a quick review of the transportation plan and materials handling plan in an effort to expedite approval and implementation of the plan. If you have any questions please feel free to call me at (636) 933-3180.

Sincerely,

Aaron W. Miller  
Environmental Manager of Primary Smelting  
The Doe Run Company
